

Genesis Parent Module

As a parent/guardian of a student enrolled in the school district, you are invited to register for the Genesis Parent Module. The Genesis Parent Module will allow parents of students in grades five through 12 to view their child's marking period grades and attendance in order to monitor student performance throughout the marking period. Parents of students in kindergarten through grade four will be able to view their child's report card. The Parent Module will also be utilized to e-mail important school and district information. The Genesis Parent Module is accessible via a link on the district's website (www.sparta.org).

Registration is required in order to obtain access to the password protected site. Only one registration per family is required. Once a parent is registered, a drop down menu provides access to all children in the family and the access continues as they progress through the grades. Complete the form below and return it to your child's school in order to register. You will receive an e-mail with a password and user information once the registration has been processed.
